

CAPABILITY STATEMENT

WHO WE ARE

Mehga Technologies is a U.S.-based, emerging innovator at the intersection of advanced unmanned aerial systems (UAS) and cybersecurity. Founded in 2025, we specialize in delivering secure, mission-ready solutions for government, defense, and commercial clients. Our team integrates cutting-edge drone technologies with hardened cyber operations, offering full-spectrum services from custom UAS design and multi-domain integration to secure command and control, training, and sustainment.

CORE COMPETENCIES

- Advanced UAS & Drone Systems
- Cybersecurity & Secure System
- Multi-Domain Systems Integration
- Training & Lifecycle Support
- Compliance & Risk Mitigation

DIFFERENTIATORS

DUAL FOCUS

Integration of aerial systems and cybersecurity: two priority areas for defense and homeland missions.

SCALABLE & AGILE

Small business agility with investor-backed growth plans for rapid response and scale.

SECURITY-FIRST APPROACH

Systems designed from the ground up with zero-trust architecture and secure-by-design principles.

KEY CLIENTS & SECTORS SERVED

Mehga Technologies' leadership and solutions are tailored for mission-critical use across the following sectors:

Department of Defense (DoD): Secure UAS systems and cyber-hardened command and control for defense applications

NASA: Advanced engineering, autonomous systems, and airspace integration research

Law Enforcement & Homeland Security: Tactical drone deployment, surveillance solutions, and data-secure operations

Commercial & Industrial: Scalable UAS platforms for logistics, infrastructure inspection, and operational safety

MEHGA TECHNOLOGIES

CAGE: 12KS4

NAICS CODES

541990 - All Other Professional, Scientific, & Technical Services

336411 - Aircraft Manufacturing

541330 - Engineering Services

541512 - Computer Systems Design Services

541715 - Research and Development in the Physical, Engineering, and Life Sciences

541611 - Administrative Management & General Management Consulting Services

CERTIFICATIONS

CompTIA Security+

TestOut Security Pro

SOC 2 Certification: Data security standards

PCI-DSS Certification: Secure payment processing

HIPAA Certification: Health info compliance

- Tailored SaaS solutions for clients

DIFFERENTIATORS

- Strong security protocols in place
- Intuitive and user-friendly design
- 24/7 dedicated customer support team
- Agile and efficient project delivery
